# DBTG Hybrid Conference COVID-19 and a dry bulk terminal

## Table of Contents:

1. OVET - Locations
2. COVID-19 – Facts & Figures
3. Approach
4. Measurements
5. Lessons learned

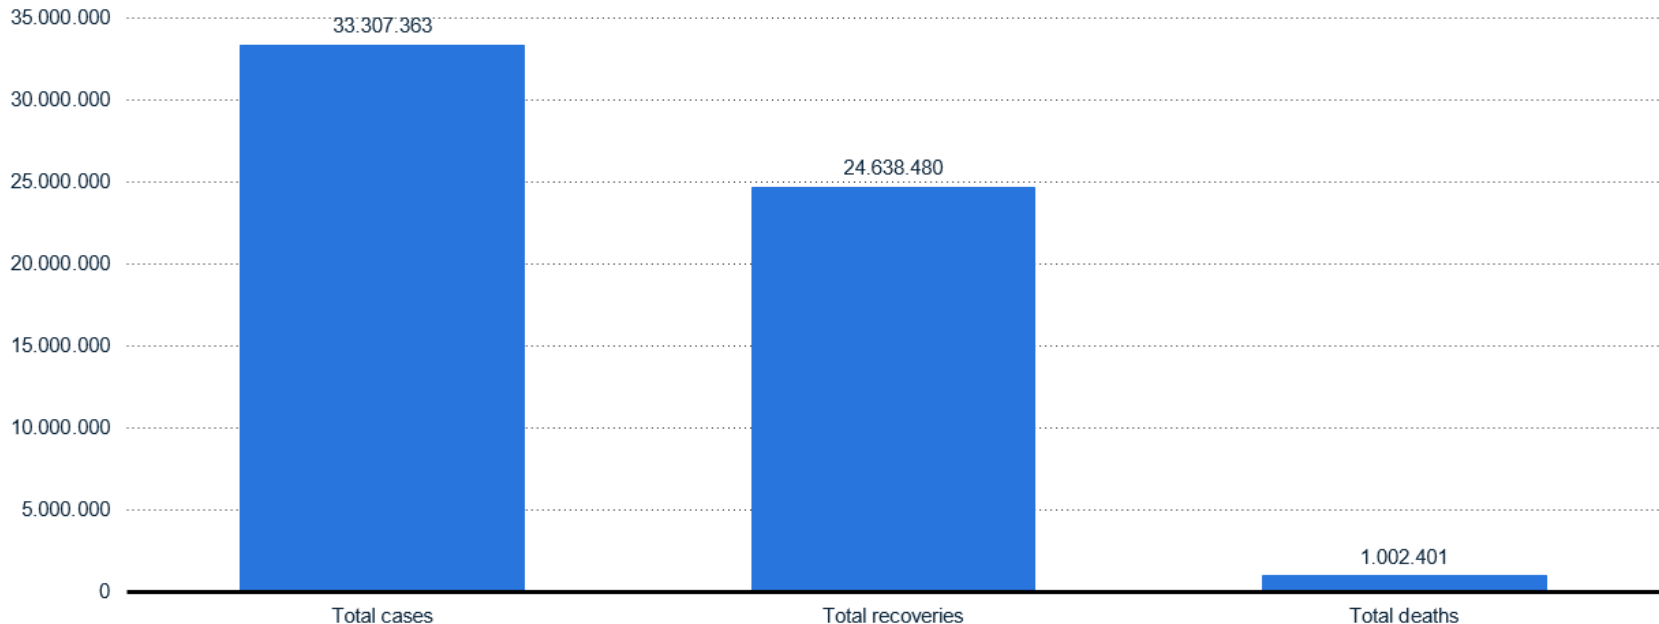

# 1. OVET - Locations

## 2. COVID-19 – Facts & Figures

- ☐ Deepest worldwide recession since World War II
- ☐ Economic shrink from 2,5 to 10 %
- ☐ Number of deaths > 1.000.000
- ☐ Infected > 33.000.000

Coronavirus (COVID-19) cases, recoveries, and deaths worldwide as of Sep. 28, 2020

## 3. Approach

- ❑ Starting points – measurements:
  - minimal impact on business operations
  - public support employees
  - workable situation – pragmatic
  - taking responsibility but designated as a priority sector
  
- ❑ Determine approach
  - day by day follow-up national advice (RIVM)
  - clear communication
  - creating public support employees - involvement

## 4. Measurements

- ❑ General advice = distancing
- ❑ General measurements
  - Hand hygiene
  - Keep distance – 1.5 m
  - Disease symptoms: contact HR - stay home
  - Provide clear information
  - Disinfecting

  - Temporary suspension all kind of physical meetings/appointments
  - Defining max people per space
  - Electronic meetings by Teams
  - Home work as max as possible
  - No visits third companies - exceptions
  - No business trips
  - Abolish exchange physical information
  - Break: in own office, reorganised canteen 1.5 m distance, no birthday presents...

## 4. Measurements

- ❑ Terminal measurements
  - Strict separation between Terneuzen and Flushing
  - Staff: avoid contact between shifts
  - Ad hoc measurements
  - Company busses
  - Boarding ships
  - Subcontractors
- ❑ Preventive – private
  - Avoid as much as possible: meetings, travelling, social contacts,...
  - Travelling - inform HR
  - Family members / close contacts – inform HR
  - Home – stay home!

## 5. Lessons learned

- ☐ Weakening follow-up measurements
  - Repeat instructions
- ☐ Shared vigilance
  - Address each other

**ONLY TOGETHER WE CAN  
CONTROL COVID-19 !**
